

Collaborative Resources Overview

There are multiple opportunities for employers to collaborate with Moody College and The University of Texas at Austin as a whole.

Student Organizations

Connect with student orgs!
Moody College student orgs continuously search for ways to interact with employers.
Host an employer site visit!
Sponsor a meeting!

To connect with student orgs, visit

Faculty

Moody College faculty are willing to collaborate with employers to conduct industry case studies, presentations, job search strategies, interviewing skills, and more. Connect directly with faculty or submit an Employer Class Presentation Request.
Requests are subject to availability, relevance, and faculty consideration.

To connect with faculty, visit

Other Career Services Offices

The University of Texas at Austin is considered a decentralized university. This means that most colleges within the university have their own Career Services office. Employers interested in recruiting students across multiple colleges are recommended to reach out to all application Career Services offices.

Recruit students in multiple colleges by attending fairs, participating in on-campus engagement opportunities, and posting positions within the college's database.
