Other Courses that Require Approval from LMS Coordinator and Professor

Students in the LMS Program can, on occasion, request to have other courses considered for the certificate. If the UT course is not directly related to LMS, students must focus their course assignments, projects, papers, etc. on Latino/Latin America media and communication topics in consultation with the faculty member and with prior approval from the professor and LMS program coordinator. In addition, the professor will be required to submit a letter (email) of support for the students upon completion of the course stating the objectives were met before the substitution is processed. Contact Juanita González (juanita.gonzalez@austin.utexas.edu) to discuss this option.
